Joyce Hughes is a self-taught quilter and fiber artist. Her first quilt was a tee-shirt quilt, which she enjoyed making, but felt limited in the ability to express her artistic capabilities. Within several months, she began to design pictorial landscape quilts using raw edge applique, thread painting, and a variety of embellishments. She never knew the "rules", so She broke a lot of them, but with exciting results!

In this workshop she will teach how to enhance a colorful printed panel with thread painting to highlight its true beauty. She will provide the fabric panel, batting, backing and 17 assorted Mettler, colored threads and metallic threads.
